WELCOME TO BRISTOL PRIDE 2019

It's finally here, and we're so excited. We've been working so hard to make sure that 2019, our 10th anniversary of delivery and the 50th Anniversary of the Stonewall Riots, the birth of the Pride movement, is the best year yet.

It's been a very tough year. We've moved to The Downs, which along with new challenges has meant increased site fees, double our infrastructure bill and a very expensive parade, but does mean we've been able to add an extra 10,000 to our capacity for everyone to enjoy Pride. Thank you to all our sponsors, and to you in advance, we simply could not deliver Pride without them, or you.

Moving site is expensive and has taken careful planning and fundraising over the last two years, but we are sure you are going to love what we have in store for you this year. What's more, though we've seen other Pride events put prices up we've kept Pride Day a donation entry event, so those who might need Pride the most, but couldn't afford it, are able to come. This does however mean we need your support more than ever.

Please get a supporter wristband if you can. Just £7 for the day and include your donation to Pride and rewards like free bus travel to The Downs and money off the bars. £18 Day+Night wristbands include entry to 4 Pride afterparties including Elements, the official afterparty at the O2. See page 79 for all listings. Support Pride and keep Pride happening.

For me, it's been an amazing 11 years. It's been far from easy but thank you to everyone who has supported Pride over the years. I'm so proud of what has been achieved. Bristol is now one of the largest Prides in the UK and has again named in the Global Top50 Pride events for 2019, we've come a long way in the last 10 years. I hope to see Bristol Pride continue to grow, to continue to be an incredible inclusive event that welcomes everyone, not just a party for those that can afford it. Pride is so much more than that.

Lastly let's simply all be kinder to each other and, at a time where those that seek to divide us thrive, let us remember we are one community. Let's fight our real enemies and work toward true equality for all, standing up to homophobia, biphobia and transphobia in all forms and let's make sure no one gets left behind.

HELP MAKE PRIDE HAPPEN

Pride could not happen without our incredible volunteers.

This is our biggest ever event and moving to a new larger site we need more Pride Champions than ever. As we go to print we still really need more gate crew for Pride Day.

Parade Stewards: Still take part in the march, just help ensure public safety by helping keep the parade the right side of the road and that it keeps moving. We hold briefings to go over the role.

Gate Crew: Help collect vital donations needed to keep Pride going and wristband exchanges. With several shifts across the day, complete a 3 hour shift for a free Day Supporter Wristband.

To sign up visit bristolpride.co.uk/volunteer or email volunteer@bristolpride.co.uk

EXCHANGE YOUR WRISTBANDS IN ADVANCE

Please do come and exchange your wristbands in advance of Pride Day, it will reduce the queues to get into the festival. We'll be set up in the Park Street entrance and open from 11am - 7pm weekdays.

VIRTUALLY QUEER

EXPERIENCE LGBT+ CONTENT LIKE NEVER BEFORE

Virtual Reality takes us to spaces and places we cannot visit, bringing us intimate moments of connection with people we could never meet. As a medium that transports us into the Virtual, VR allows us the perspective to question what Reality is - what are the given rules of the world and how do these virtual worlds depart from them.

The works represented in this series, curated by Tessa Ratuszynska, are the investigations of LGBT+ VR film makers, showcasing the voices of LGBT+ contributors, that challenge the norm, imagine and celebrate other ways of being, and remind us why a fight against the oppressive reality of heteronormativity is still so important today.

FLAG RAISING, STONEWALL REMEMBERED

RAISING THE RAINBOW FLAG TO REMEMBER STONEWALL AND CELEBRATE PRIDE

In the early hours of June 28 1969 the LGBT+ community of New York said enough is enough after yet another police raid of the Stonewall Inn. The subsequent protests were the birth of the global fight for LGBT+ equality and the Pride movement.

We'll be raising the rainbow flag outside City Hall to mark the 50th anniversary of the Stonewall Riots and it's fittingly the opening event for Bristol Pride 2019. A big thank you to the wonderful Sing Out Bristol who will be performing some specially selected numbers for the occasion.

BRISTOL PRIDE PRESENT: THE SCANDALOUS LOVE OF OSCAR WILDE

It is the 6th of April 1895 and Oscar Wilde waits alone at the Cadogan Hotel. He is awaiting a knock on the door that will bring an arrest warrant with charges of Gross Indecency against him.

We are excited to team up with Tic Tac Toe Theatre Company to present this superb one man play, which allows Oscar the freedom to talk openly about his relationships with men, the failing relationship with his wife and of course his enduring love for the destructive but beautiful Lord Alfred 'Bosie' Douglas.

This tour-de-force performance is immersive, thought provoking and revealing. Bosie once said to Oscar that when he was not on his pedestal he was boring, in this show Oscar may well stumble from his pedestal but he could never be called boring

FILM: KNIFE+HEART

KINKY QUEER HORROR ODYSSEY

Vanessa Paradis plays a ruthless gay-porn producer working in 1979 Paris. Nursing a broken heart following her break-up with girlfriend Lois, she launches herself into her most ambitious film production. But as shooting gets underway, one of her stars is brutally murdered. Soon it becomes terrifyingly clear that a homicidal maniac is intent on bumping off the cast, one by one.

From the wickedly twisted mind of visionary filmmaker Yann Gonzalez and dripping with style and visual invention, this libidinous delight comes steeped in playful genre references, owing as much to the opulent cinema of Dario Argento as it does the brash fetishism of William Friedkin's Cruising. We've once again secured a special advanced preview screening ahead of its national release.

Two very different women who fall in love in this, 1950s set, captivating adaptation of Fiona Shaw's beloved novel. But not everyone is pleased to see her return.

Striking up a friendship with Lydia (Holliday Grainger - Jayne Ayre, The Borgias), the mother of one of her young patients, Jean marvels at the woman's vivaciousness, unaware it's a mask Lydia wears to hide her rapidly deteriorating home life.

When she discovers Lydia has been abandoned by her husband and is unable to pay the rent, Jean offers Lydia a job and a place to stay.

BRISTOL PRIDE PRESENT: RIOT ACT

Riot Act is a powerful solo verbatim theatre piece, created entirely word-for-word out of playwright and performer Alexis Gregory's interviews with one of the only remaining Stonewall survivors, a 1970's London radical-drag artist and a prominent 1990's AIDS activist. Spanning six decades of gueer history with each story taking us right into the present day.

This critically acclaimed audience-favourite ran as part of the 2018 Kings Head Theatre Queer Season and received a West End charity gala performance at the Duchess Theatre.

Riot Act is hard-hitting, hilarious, heart-breaking, provocative, tender, truthful, personal and political. Most importantly, in a year that marks the 50th anniversary of the Stonewall Riots, the show reminds us that our LGBT+ rights were hard fought for, and that we still continue the fight for equality.

Tickets are available via **bristolpride.co.uk/events** or from The Wardrobe Theatre.

GREEN ON THE PRIDE FLAG STANDS FOR NATURE, LET'S CARE FOR IT.

We've been working hard to make Pride as sustainable as possible for many years. We, like so many of you, have been horrified by the increasing results of plastic in our oceans and impact of climate change and species endangerment. As a festival we work to reduce our impact by sourcing infrastructure locally, working with our food traders to ensure that if they do need to give you packaging that it is compostable and have banned plastic cutlery. Our ban on onsite plastics which is why you won't see single use plastic cups at Pride or bottled water.

We have saved on average 150kg of waste plastic over the last two years.

Our wristbands are 'litter free' so we don't have lots of little bits of plastic left over and even this programme has been printed on recycled paper using vegetable dye.

BUT we need your help. Our biggest impact is the thousands of people that attend Pride, YOU.

You have a part to play to help reduce the impact on the environment and there's several ways you can help.

PLEASE DON'T LITTER we have over 100 bins onsite with recycling facilities - use them!

It is so disheartening to see the amount of waste needlessly left on the floor after the festival. Not only does it shame us all, but Pride then have to pay extra money for clean-up and also have to find extra volunteers to help us litter pick.

Glitter! We love it and we know you do too, but did you know glitter is a micro plastic that doesn't degrade in our oceans. We've banned all non-biodegradable glitter from Bristol Pride and hope you'll ditch it too. Lush have lots of natural based products to make you shine or do your homework and get one of the new (properly) biodegradable options on the market or opt for mineral based shimmers.

Cup Scheme: You'll pay a £1 deposit on the first drink at Pride and you'll get a reusable cup. That's yours for the whole day. Bring it back with you to the bar each time you get a drink and you get a new one. When you're done return the cup and get your £1 back, or you can donate it to Pride.

Free Water Refills: We have even more water points this year and again welcome Refill Bristol to Pride, so there is plenty of free water at Pride. Simply bring a reusable bottles to fill up, or you can buy one from Bristol Water on the day. This helps us save hundreds of waste single use plastic bottles.

Travelling to Pride? Don't bring the car! You get free bus travel on Pride Day with First Bus to Pride and on our new shuttle service with a supporter wristband. You can also get the train to Clifton Down if you are coming via train to Bristol this year.

SATURDAY 13 JULY PRIDE PARADE

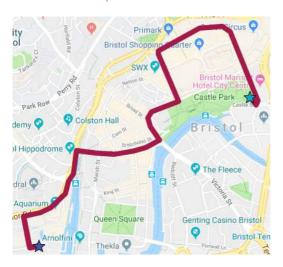

BE LOUD, BE PROUD, BE VISIBLE!

Our chance to march for equality and diversity, to visibly celebrate our community and show that hatred and prejudice has no place in our city, or anywhere. We showcase our own diversity and show our LGBT+ family around the world that they are not alone.

An incredible 12,000 marched last year and everyone is welcome to join us or line the streets to cheer us on. This year we not only mark our own 10th year of making Pride happen but more importantly the 50th anniversary of the Stonewall Riot. As such we've asked KIKI Bristol to not only coordinate a QTIPOC block but to help lead the parade along with Trans Pride SW. Stonewall and UK Bi Pride will be joining us and we have asked Ken Macharia from the Bristol Bisons to head the parade this year.

Thank you to our parade sponsor GMB Union. The parade is costing more than ever this year, so all businesses and corporate organisations who have not booked a stall at, or sponsored Pride are asked to register and make a small financial contribution to help ensure it can happen.

Julie and Connor work for our headline sponsor Unite Students. Here, they talk about the role of allies in the LGBT community.

C: Julie, what does being an ally mean to you?

J: For me, it's about promoting equality and calling out discrimination when I see it. I'm passionate about that. But it's also important to me to help educate. I'm not just here to speak up for minority groups. I'm also here to bridge the gap and present another perspective - that not all cis-hetero people are judgmental - and to challenge stereotypes and generalisations in any form.

Has having allies in the workplace made a difference to you?

C: Yes, it definitely has. It's good to know that people take the issues facing the LGBT community as seriously as the community does. It helps to feel that we're not just a minority group, but that others care and want to help promote positivity and inclusion too. Of course, I'm also an ally, and for me that's about listening and supporting others.

J: I agree, there's a role for all of us to support each other. To me, that's about celebrating diversity in all its forms. It feels like an exciting time, both in the workplace and in our society as a whole.

C: I know what you mean. Since I started here three years ago, I've seen the business introduce a diversity and inclusion group, an LGBT group, and a women's network. It feels like a cultural shift is gaining momentum.

SUPPORTING BRISTOL'S TRANS COMMUNITY

We've continued to see attacks in the media on the Trans Community and those that seek to divide our community so we thought it was important to again share the Bristol Trans Pledge.

We believe that Trans People have the right to be treated equally.

This includes:

- 1. The right to exist
- 2. The right to live freely without fear
- 3. The right to be treated with dignity & respect
- 4. The right to enjoy the security of UK legislation
- 5. The right to speak and be heard

We will be asking the people of Bristol to support this pledge via social media in the run-up to Pride.
