Welcome to Bristol Pride

Welcome to Bristol Pride 2022

Dare we even say it... This is our third time writing this but finally we are completely and confidently able to say... WELCOME BACK!

Oh my word we have missed you. We cannot wait to welcome you to our events this year, whether you're attending the LGBT+ History Boat Tour, George Michael's Birthday Party, Sink the Pink's Daytime Drag Disco & Book Launch, one of our Meetups or Pride Day. We are ready and waiting. There is SO much going on this year, we've worked to build a really inclusive and diverse programme of events for you, so please get out there and support the LGBT+ organisations and venues.

This year marks the 50th anniversary of the first Pride march to take place in the UK and our march FINALLY makes its return! We'll be departing Castle Park at 10:45am on 9th July so make sure you've got your banner/flag/placard and we'll see you there. There will be shuttle buses waiting by Millenium Sq to whiz you straight up to The Downs for Pride Day.

As always Pride Day will remain a donation entry event to ensure those who need it most are able to attend but, please do buy a Supporter Wristband if you can. Brexit and the Pandemic have meant our costs for holding Pride Day have increased by 30% so we need your support more than ever. For just £7 you can donate to Pride, attend Pride Day (see Carly Rae Jepsen AND Priyanka!), travel for free with First Bus and get money off your drinks on the bars! Your support keeps Pride happening.

As well as a protest for equality and inclusion, Pride is an opportunity for people to come together to celebrate proudly and for members of the community to realise they are not alone. It's also a clear message that hatred and prejudice have no place in our city.

As discussions continue on a full ban on conversion therapy and as the government reviews the Human Rights Act, it's also the opportunity to remember that while progress has been made the LGBT+ community still have to keep fighting for equal rights, for all, and ensure that hard fought rights are not only maintained but furthered.

There is a lot to fight for but also a lot to celebrate this year and we can't wait to celebrate with you!

Volunteer With Pride

Help Make Pride Happen

We couldn't make Pride happen without our incredible volunteers. We still need your support to make Pride happen and keep it happening. You don't have to commit all day but even one shift can make a big difference.

Parade Stewards: You get to still take part in the march, just help ensure public safety by helping keep the parade on the right side of the road and moving. Briefing will be provided.

Gate Crew: Help collect those vital donations needed to keep Pride going and exchange etickets for wristbands. We have several shifts across the day and complete a 3 hour shift for a free Day Wristband.

To sign up visit bristolpride.co.uk/volunteer or email volunteer@bristolpride.co.uk

Pride Hub

28 June - 9 July

The Bristol Pride Hub is located at The Vestibules Space in City Hall on College Green. A chance to come and pick up a copy of this year's festival guide, speak to the team and there's still time to volunteer on Pride Day if you would like to get involved.

For this year we will be asking everyone to exchange their prebooked etickets for wristbands at the festival on Pride Day, using our dedicated wristband lanes. It helps our site planning and etickets are valid for free travel. If you feel you need to exchange in advance you can do this at the Hub. Find us at the Park street entrance, open from 12noon - 6pm weekdays only.

Movement Workshop with TIM LYTC

This workshop is open to anyone who identifies as transgender or non-binary.

Our bodies hold many emotions and tensions, and many Trans and Non-Binary folks have difficult feelings and relationships to the body. Yet it physically holds us together and brings together our very self, connecting us to others. In this workshop we will explore different ways of thinking about the body, and various ways of moving.

Inspired by somatic approaches to movement (e.g. Skinner Releasing Technique, Authentic Movement, Feldenkrais), these workshops will be gentle and relaxing. Offerings of increase in body awareness, mindful movement, moving without judgement, and exploring how to move in ways we want to in a safe environment.

We welcome trans and non-binary folks from all movement backgrounds and experience. Those with little to no movement experience are particularly encouraged to join this session. It will be very open and chill, an offering of a space to move, reflect, play and rest, with time at the end of the session to draw, write and discuss any sensations that may arise.

This workshop is hosted in collaboration with Bristol Trans Portraits - you are very welcome to stick around after the workshop and have a look at some of the portraits on display!

A word with.... Tim Lytc

(they/them)

Tell us a little about yourself

Hey, I'm Tim, a multi-disciplinary dance artist working in theatre, film and creative tech. I was born in Hong Kong, and have been living in the UK for almost a decade. I climb and watch a lot of anime when I'm not too busy rolling around on the floor.

Tell us a bit more about your work

I work with layers of personal and collective history, from being queer and Asian, to cultural interactions of being multilingual, as well as interconnections of mental, emotional and physical wellbeing. I strive to question the fictions of gender, race, disability and capitalism, through working towards decolonisation of patriarchal, hyper-productive, heteronormative, ableist societal structures. I seek to inspire togetherness, and normalise collective play, care and rest.

You're the first recipient of our new seed funding with MAYK, what are you working to deliver?

Ultimately, I'm working towards a public live performance that will be made with Queer folks in and around Bristol. At the moment, through a series of upcoming workshops, I am exploring how dance + movement can be used to help Queer people (especially Trans and Non-Binary folks) safely connect to the body. Asking the question: if and how dance + movement can unlock and reveal stories that are important to us, and the stories we want to tell.

Why is this important?

Our body brings together our very self, it literally holds us together. But many Trans and Non-Binary folks have difficult feelings and relationships to the body (myself

included). The way we move and present ourselves are policed so often (sometimes violently), even by other Queer people who are part of the LGBTQIA+ world. I want this work to be a held space where Trans and Non-Binary folks can explore different ways of thinking about the body, and experiment with how to move in ways we want to in a safe environment. This will be a place to play and reflect together without judgement, where we can advocate for a world in which we move mindfully - expressing, communicating and deepening connections with ourselves and others. Where we can choose life, kindness and respect.

What does Pride mean to you?

It feels very representative of the duality of pain and pleasure that many queer folks experience throughout our lives. From protest to celebration, from large scale annual events to small everyday victories. It's a space to hold it all. It's queer history - all the past, present and future. It's where our struggles, grief, longing, joy, euphoria, belonging, love... spill out and beyond, become magnified and shared. Pride is where we honour all who lived, are alive, and will be living.

What's your favourite Pride memory?

It was actually Bristol Pride 2018, the first Pride I had ever been to. The day of the parade was sweltering, and I went in my capacity as a Rife journalist at the time. I had a fantastic time with friends from around the world that I rarely get to see, it gave me a lot of very precious memories.

Passing + Spoken Word

We're, all of us, passing for one thing or another, aren't we?

In Rebecca Hall's exquisite directorial debut, two childhood friends are reunited as adults in 1920s New York, with one of them now 'passing' as white.

When Irene (Tessa Thompson) spots Clare (Ruth Negga) across a hotel lobby, she can't stop staring. Although now living on opposite sides of the racial divide, the two women are magnetically drawn to each other, with fateful consequences.

Full of longing and restraint, shot in gorgeous black and white and adapted from Nella Larsen's acclaimed novel, it's also a deeply personal film, with Hall mining her family's own history of passing to deliver a richly layered examination of race, class and sexuality, and the lives we choose – or choose not – to lead.

Presented in partnership with **Kiki Bristol**, join **Malaika Kegode** (writer, performer, producer) and **Dr Edson Burton** (writer/historian) for spoken word responses and discussion after the film.

Punk is dead! Long live the New Romantics!

Rising from the nihilistic ashes of the punk movement in the late 1970s, a fresh crowd of flamboyant fashionistas, who would later be christened the New Romantics, began to materialize on the streets of East London. Repositioning the New Romantics as an art movement rather than an exclusively pop-cultural one, the focus is shifted onto the diversity of work being made by the lesser-celebrated, yet equally influential contributors to the scene.

Contains flashing images/strobing. The screening will be followed by a New Romantics DJ party in the bar. Dig out your frilly shirts and dress to impress!

Kajillionaire

The story of con-artists who have spent 26 years training their only daughter Old Dolio (Evan Rachel Wood) to swindle, scam, and steal at every opportunity. During a desperate heist, they charm stranger Melanie (a magnetic Gina Rodriguez) into joining their family, only to have their entire world turned upside down with pancakes and dancing in Miranda July's idiosyncratic comedy drama.

Meet at Studio 5 at 5.30pm for a pre- screening performance, which will lead into the film, from Rosanna Anderson, co-director of **Impermanence**, as she embodies "Old Dolio" in homage to July's choreographic style in the film.

From 1pm

Join us in Studio 5 for a celebration of Miranda July, exploring the themes of her work; curiosity, outsiders, loneliness and connection. There will be badge making, zine workshop, learning to love you more tasks, queer speed mate-ing and more to be announced.

Queer Vision

Queer Vision, the Bristol Pride film festival, is bigger than ever this year as we continue to bring you the very best in feature and short films that showcase and celebrate our community. There'll be tears of joy and heartbreak, conversations started, parties and empowerment. Here's what's on. For full details and ticket links visit bristolpride.co.uk/queervision

Pride Parade

Be Loud, Be Proud, Be Visible

After two years apart this is our chance to come back together and to march for equality and diversity, to visibly celebrate our community and show that hatred and prejudice has no place in our city.

This year's march will be incredibly poignant, not only is it the chance to bring the community back together but it also marks the 50th anniversary of the first Pride march to take place in the UK. As discussions continue on a full ban on conversion therapy and as the government reviews the Human Rights Act it's also the opportunity to remember that while progress has been made the LGBT+ community still have to keep fighting for equal rights, for all, and ensure that hard fought rights are not only maintained but furthered.

Trans Pride will be leading the parade this year as we work together to ensure no one in our community is left behind.

The Parade will once again gather in Castle Park before making its way through the city centre and onwards to the harbour side.

As ever it is free for members of the public to join the parade but all businesses who are not already a Pride Partner or Supporter need to register and make a small financial contribution to take part in the parade to help support us making it happen.

Carly Rae Jepsen - 20.30

Multi-platinum Grammy, Juno and Polaris Prize nominated singer/songwriter released her critically acclaimed album E·M·O·TION in 2015, becoming "a modern touchstone for a new crop of pop-leaning artists and legacy acts". An 80s-influenced synth-pop classic that Rolling Stone called "a pop masterclass" the album inspired an abundance of memes - extending the cultural cachet earned from the ubiquity of her Grammy nominated blockbuster and diamond certified hit: "Call Me Maybe" which hit No. 1 in over 47 countries and selling 20 million singles worldwide.

2019 album Dedicated retains the joyful, hook-filled feeling of its predecessor and features the fan favourites Party For One, Now That I Found You, Too Much and Want You In My Room. We are so excited to have Carly headline Pride 2022 and will be closing the show with a bang.

We all belong

At OVO, we know that something great happens when people connect and work together. When everyone is valued, respected, and supported. When we all belong.

That's why we're proud to partner with, and support sustainability at Bristol Pride.

Happy Pride!

#OVOBelonging

We're committed to keeping our marketing efforts carbon neutral, so we've offset the carbon impact of printing this page

Green on the Pride Flag Stands for Nature, Let's Care for it

We've been working hard to make Pride as sustainable as possible for many years. We, like so many of you, have been horrified by the increasing impact of plastic in our oceans, the climate crisis, and species endangerment.

This year our generators and tower lights will be running on HVO which significantly cuts down on harmful gas and CO2 emissions thanks to support from OVO Energy as we work with the council on longer term energy solutions for the site.

As a festival we work to reduce our impact by sourcing infrastructure locally, working with our food traders to ensure that if they do need to give you packaging that it is compostable. Our ban on onsite plastics has seen the removal of plastic cutlery, plastic straws (paper straws are available for those who need them), plastic bottles of water, and plastic cups! We have saved on average 150kg of waste plastic over the last two festivals. Our wristbands are 'litter free' so we don't have lots of little bits of plastic left over and even this programme has been printed on FSC Approved paper using vegetable dye.

BUT we need your help. Our biggest impact is the thousands of people that attend Pride. **YOU**. You have a part to play to help reduce the impact on the environment and there are several ways you can help.

It is so disheartening to see the amount of waste needlessly left on the floor after the festival. Not only does it shame us all, but we have to pay extra money for clean-up and have to find extra volunteers to help us litter pick.

Glitter! We love it and we know you do too, but did you know glitter is a microplastic that doesn't degrade in our oceans and pollutes waterways? We've banned all non-biodegradable glitter from Bristol Pride and hope you'll ditch it too. Lush have lots of natural based products to make you shine or do your homework and get one of the new (properly) biodegradable options on the market or opt for mineral based shimmers.

Cup Scheme: You'll pay a £1 levy on the first drink at Pride and you'll get a reusable cup. That's yours for the whole day. Bring it back with you to the bar each time you get a drink and you get a new one.

Free Water Refills: We have even more water points this year and again welcome Refill Bristol to Pride, so there is plenty of free water at Pride. Simply bring a reusable bottle to fill up, or you can buy one from Bristol Water on the day. This helps us save hundreds of single use plastic bottles.

Travelling to Pride? Don't bring the car! The Pride shuttle bus will be running from 11am between the end of the parade at the Amphitheatre and The Downs to take you to and from the Festival. You also get free bus travel on Pride Day with First Bus to Pride and on our shuttle service with a supporter wristband. You can also get the train to Clifton Down if you are coming via train to Bristol this year.

PLEASE DON'T LITTER

We have over 100 bins onsite with recycling facilities - use them!

Grrrl Crush Official Pride Afterparty

Grrrl Crush is back and are bringing it to Basement 45 to mark their first (delayed!) appearance at Bristol Pride. A night where disco meets rave, where legends collide and where you're free to be whoever you want to be.

In collaboration with **Itchy Bitch Disco** and the **Red Rash Inn** of Boomtown fame, they're bringing you two sweaty dancefloors - one disco, one rave - both alike in lack of dignity and bursting at the seams with the filthiest bangers they can muster as we celebrate the queer community in all its glory. Loudly and proudly presenting some of the UK's finest femme, non-binary and queer talent.

Headline DJ set from GROVE

Taking you through a journey of fiery and bass-heavy beats, with an underlying emphasis on producers who are queer and/or people of colour. Their DJ style flows between bass, warped + dark dancehall, breaks and other dingy UK-centric sounds, informed by their Afro-Caribbean roots and have DJ'd key venues including Dalston Superstore, Lakota, and Tramway.

SAT 9 JULY

Time: **10PM**

Venue: **BASEMENT 45**

Tickets:
£8/ WRISTBANDS

100% inclusive. Everybody welcome. If you're sound, get down.

£8 in advance, more on the door. Tickets from bristolpride.co.uk/wristbands

Limited free entry with Pride Day+Night wristband or discounted entry on the door.

A word with....

Linda Devo

Tell us a bit about yourself

I'm Linda Devo, a DJ and Visual Artist amongst other things. I am a founding member of the fabulous Kiki Bristol collective, recently retired myself from the state education system after 17 years of graft, I DJ as Devolicious and with the kickass Booty Bass Collective. I'm also a member of Bristol's Queer Vision and am a practicing Nichiren Buddhist.

You'll be DJing at the Pride Booty Bass afterparty. What can people expect?

Joyful, respectful communing on the dance floor and behind the decks for ourselves and our audience; a boundaried space for self-expression. Musically, expect heat, fire, plenty of sauce and pure vibes! See p.89 for more including the Booty Bass Community guidelines

Why are spaces for Queer, Trans, Intersex black people and people of colour (QTIBPOC) important?

In my experience when coming up as a youth, it was so challenging to go out on different scenes and somehow still find a feeling of being outside and not quite fitting in. Societally, people who are Queer, Trans, Intersex black people and people of colour are often having to deal with a battle daily with prejudice and ignorance from all factions of our communities so it is vital we have spaces where we are centred in a positive way, celebrated, treasured even, for simply being; where our contributions and simple presence is appreciated and embraced. Spaces where we can rest, play, heal are vital for well-being...Just as spaces for LGBTQIA+ people feel important and necessary.

It was great to see you in the The Glorious Ones. What was it like being part of that?

It was a very affirming, validating and joyful experience from start to finish and felt like an important addition to the UK QTIBPoC archives. Growing up, there was virtually no access to the stories of older generations of people who looked like me, had similar cultural references

etc. Works like 'The Glorious Ones', 'Stud Life' and 'BEYOND, There's always a black issue dear' enrich our communities by giving voice and vision to the lives of us Black and Brown folk, across generations. Seriously healing.

Why should people watch it?

Because they want to experience the precious sharing of the participants lives. Its enriching, humanising, encourages love, understanding and respect. Why not watch it?

What's your favourite Pride Memory

I have multitudes, having attended so many cos I'm an elder virtually! My most recent favourite was Bristol Pride 2019 when Kiki and Bristol Ballroom led the parade with me playing music off my phone into a little PA strapped to my neighbour's pushchair that I borrowed. The sun was shining, all the young things were sashaying on down to Sylvester and we took up space in front of We, The Curious and held court there, shaking our booties and having a ball literally. It was a beautiful moment with lots of folks interacting with us and celebrating.

What would you say to 15 year old Linda?

I would tell myself all will be well, you will find your tribes, stand firm in yourself, be kind, gentle and loving to yourself. Trust! You are everything!

Booty Bass Official Pride Afterparty

Bristol's own, Booty Bass Collective of female/nb/queer djs are delighted to be serving Pride party people a visual and aural extravaganza of bold, beautiful, bombastic bassgasms. We'll be holding space to come together to celebrate our beautiful rainbow community, life and the wonderful gift of rich musical culture.

Let's dance ourselves whole in this period where patriarchy thrashes around seeking to hold us in its grasp, shake the shackles off in defiant dance! Come with open hearts, love-filled spirit and your best dancing shoes for big, bad, unapologetic bangers from around the globe and the UK.

Tickets £10/£8 with Pride Day+Night / Super Supporter Wristbands. More on Door.

Pride could not happen without the thousands of hours of work put in by our volunteers, giving up their time and energy to help make something special happen.
