Celebrating you with Pride.

WELCOME TO BRISTOL PRIDE 2023

We're so excited to be back for another year! An incredible 2 weeks of events are taking place across the city from 24 June with music, performance, theatre, workshops, comedy, sports, cabaret, talks, films and so much more AND we're even in a few new venues this year too.

There's so much planned, check out Stag King and Drag Queens Vs Zombies if you want theatre. Egghead and Twinkie, Kokomo City and a special outdoor screening of Cabaret are some Queer Vision highlights and our amazing comedy night, hosted by Jayde Adams, has a new home this year at the Bristol Old Vic with a stellar line up!

Pride is the perfect opportunity to showcase how Bristol's identity is one of creativity, diversity, inclusion, and community and this year's line up certainly does that.

Of course, as well as showcasing and celebrating our community, Pride is about ensuring visibility, it's still a protest and with a landscape where trans lives are being debated and drag performances are being targeted, as part of increasing attacks on our culture and community, we've never needed to be more visible or unified as a community. We must never be complacent, the rollback of LGBT+ rights in America has seen Pride events cancelled, whilst here in the UK changes to the Human Rights Act and pressure on schools and libraries to introduce LGBT+ bans akin to Section 28 could have lasting impact. So Pride is as important now as it's always been, a fight for equality and inclusion for our whole community. We won't stop, we'll keep fighting. Let's make this year's festival louder than ever.

Pride is not possible without your support, the cost of living crisis is hitting us all and because of that we've kept the supporter wristband prices the same as last year so if you're able to, please buy one. It helps to ensure that we can remain donation entry and be there for those that might need us the most. Another great way to support us is by volunteering, we still need people, so sign up if you can. We're also really excited to have some limited edition merchandise for the first time ever this year! We've collaborated with Aardman to design special T-Shirts and Totes (see p.92) so make sure to pick up one of those from our website, the hub or on Pride Day.

We can't wait to celebrate with you, Happy Pride!

Eve, Daryn, and the Bristol Pride Team

QUEER VISION PRESENTS: CABARET

Wilkommen and Bienvenue, Welcome!

Cabaret is having yet another moment with the hit show in the West End but this 1972 cinematic version, with the magnificent Liza Minnelli and Joel Grey, will always be a tough act to follow.

A reserved British writer arrives in Berlin and meets Sally Bowles, a performer at the Kit Kat Club who introduces him to divine decadence, darling! Their story is set against a backdrop of the rapid rise of fascism but, for tonight, as the MC says, "Leave your troubles outside. So life is disappointing, forget it! In here life is beautiful."

Join us for this special outdoor screening (covered tables and chairs!) with live performance from **Bristol Musical Comedy Club** (BMCC) to set the scene and transport us back to 1930s Berlin.

Dressing up encouraged, singing along welcome.

EGGHEAD AND TWINKIE

When coming out to her parents doesn't go as well as hoped, Asian-American teenager Twinkie steals their car, grabs her nerdy best friend Egghead and embarks on a cross country road trip to meet the lesbian DJ she's been messaging.

Trouble is, Egghead is in love with Twinkie and the DJ isn't all she made out to be online. This debut feature explores themes of racial and sexual identity while being a laugh out loud queer teen road movie to delight all ages.

KOKOMO CITY

After blazing a trail around the major international film festivals for the last few months, we are thrilled to bring Kokomo City to Bristol.

This debut feature from D. Smith, a two-time Grammy-nominated songwriter-producer who has worked with Lil Wayne and Billy Porter and made history as the first trans woman cast on a primetime unscripted TV show, presents the lives of four Black trans sex workers.

D. Smith's innovative, cinematic, punchily sound-tracked documentary gives voice to these women and their beauty, joy, and pain, delivering an irreverent, destigmatising and no-holds-barred portrait of lives that are rarely so fully explored on screen.

Join us in the bar afterwards with Harriet Taylor from **SWITCH** for an informal conversation about current movements in trans representation on screen.

QUEERING THE CITY

Join Lyra, Bristol Poetry Festival, for a performance, open mic and social for Bristol's LGBT+ poetry communities and allies.

Hosted by **Caleb Parkin** and **Rowena Knight**, we'll hear newly commissioned poems exploring various ways we might 'queer' Bristol: in the ways we navigate the city; its underrepresented queer pasts; our dwindling shared spaces. The commissions will celebrate Bristol's queer artists and literature, visioning futures – human and beyond – of sparkling queer horizons. After the new commissions and an open mic for LGBT+ poets, there'll be a chance to mingle and wiggle, with music and a bar.

A SHORT HISTORY OF QUEER WOMEN

Kirsty Loehr comes to Bristol to discuss her book *A Short History of Queer Women*, with **Noreen Masud** (*A Flat Place*).

No, they weren't 'just friends!' Queer women have been written out of history since, well, forever. From Anne Bonny and Mary Read who sailed the seas together disguised as pirates, to US football captain Megan Rapinoe declaring 'You can't win a championship without gays on your team!', via countless literary salons and tuxedos, *A Short History of Queer Women* sets the record straight on women who have loved other women through the ages.

BRISTOL PRIDE PRESENTS: STAG KING

Queer artist Liberty Martin and the Ancient Celtic god of the hunt met at an online drag workshop in 2020. The Stag King is half man, half stag, and half cut most of the time since his business collapsed AGAIN.

This performance lecture / drag show explores the varied nature of Stag King's professional roles, including: Revered God, Stag Night Entertainer and, most recently, Drag King. This is a show about personhood, productivity and what happens when your role is made redundant. As automation has the potential to rule out whole professions and a rapidly changing climate threatens our existence, what can we learn from a sexy cervitaur whose working life peaked in the Palaeolithic era?

"With her warm stage persona Liberty lulls us into a fascinating world which she then mischievously turns on its head, delighting and provoking us into more nuanced thought." **Haley McGee, Solo Show Creation Lab**

"It made me laugh. It made me cry. And it gave me hope. A gloriously silly and clever delve into knowing who we are" ★★★★★ **Audience Review**

WHO I AM NOT

Millions of people around the world have bodies that do not fit neatly into society's rigid male/female binary system. This groundbreaking documentary follows the stories of two intersex people with parallel but divergent lives: Sharon-Rose Khumalo, a beauty queen, and Dimakatso Sebidi, an intersex activist, as they navigate various personal, societal and medical challenges.

Moving, warm, funny and eye opening, Who I am Not is a testament to the strength and generosity of Khumalo and Sebidi in breaking the silence so that others will know they are not alone.

The film will be introduced by **Valentino Vecchietti**, creator of the Intersex-Inclusive Pride Flag, founder of Intersex Equality Rights UK, Equality Speaker, columnist for Diva and consultant for Film and TV.

Content warning

LITTLE RICHARD: I AM EVERYTHING

“The south is the home of all things queer,” says writer and scholar Zandria Robinson in this new documentary, adding that ‘queerness’ essentially means ‘difference’, and Little Richard was definitely different.

A pioneer for Blackness and queerness, who never got his dues, Little Richard was a complicated figure, as visionaries often are. Featuring interviews with John Waters, Billy Porter and Elton John, amongst a host of other famous faces, this documentary looks beyond the make-up, flamboyance and self created mythology. As director Cortés says “He did this in 1955 where you could get killed for being gay. He’s brave, he’s bold, he’s unique.”

Introduced by writer, historian and performer **Dr Edson Burton**, his academic specialisms include: Bristol and the Transatlantic Slave Trade, Black History in the USA, Cultural continuities between Africa & the New World. Edson has maintained a parallel career as a poet (Seasoned 2008) and writer for theatre and radio and is a member of film programming initiative Come the Revolution.

MÄDCHEN IN UNIFORM

She Loves Me!

A swoon-along screening of the first ever lesbian film. Thrill to the smolder between dreamy Manuela and gentle Fräulein von Bernburg! Sigh as Manuela abandons her pinafore for doublet and hose! With an all-female cast, directed by a woman and featuring positive depictions of lesbians, it was groundbreaking in many ways and inevitably banned as “decadent” by the Nazi regime.

Introduction by writer **So Mayer** of Club Des Femmes, a queer feminist film curation collective plus live performance, stockings and kissing from **Georgeous Michael**.

SWITCHBOARD BY ASTRO-ZENICA

A show about class, violence, visibility, sexual freedom and community.

A love letter to the radical queers, club promoters, party starters, drag artists, and volunteers at the switchboard. Most of all to Dale Wakefield, who opened the Switchboard at her home in Totterdown in 1975.

Dale and the team received thousands of calls to Switchboard. They listened to the fears, signposting to the club, offering rescue missions to those attacked on the street, and became a beacon of support during the AIDS crisis. All because of a belief in, and commitment to, the power of community.

Drawing on archival research, call logs and oral histories about queer nightlife and protest in the 1970s and 80s, join Astro-Zenica (House of Savalon) in the Weston Studio as they explore the myriad of codes and languages developed by queer people to reach out, hook-up and find community.

PRIDE PARADE

Be Loud, Be Proud, Be Visible

Join us in a bold celebration and protest for equality and diversity, to visibly celebrate our community and show that hatred and prejudice has no place in our city.

We've still not seen the ban on conversion therapy and there are continued attacks on the Human Rights Act and on the trans community. We must remember that while progress has been made, the LGBT+ community still have to keep fighting for equal rights, for all, and we must also fight to maintain the rights that we have. It feels like we need to be more visible than ever, to march proudly, with our allies, to showcase that we are here, we're a huge community, united together and we are not going anywhere! With that we will be very excited to unveil our new Parade flag which is bigger than ever.

Gather at the **Band Stand** end of Castle Park and we'll head through the city centre and onwards to the harbourside. It's free for members of the public to join the parade but all businesses, who are not already a Pride Partner or Supporter, need to register and make a small financial contribution to take part, to support us making it happen.

Visit bristolpride.co.uk/parade for eligibility and to register.

Newtion – 1.55pm

Here to deliver his sermon. 'Music to mek the mandem wan' cyatch vibe wit dem menzes' Newtion brings a conversation to his father, siblings and all the future children about what Black masculinity and sexuality mean through the many facets of his highly queer, highly melinated vessel.

Denise Pearson [5Star] – 2.25pm

Lead vocalist with the chart topping 5Star, Denise is a Grammy award winning singer/songwriter with an unprecedented chart run of over 20 top thirty UK singles including Rain or Shine, System Addict and The Slightest Touch. Recently she's been on stage in the West End, toured with The Jacksons, performed with Sigala and at festivals across the UK.

Alison Limerick – 3pm

Known for her powerful and soulful voice, she's captivated audiences around the world. Blending house, soul, and dance, creating a unique sound that saw her rise to success through the 90s scene. With hit songs like Where Love Lives and Make It On My Own she's the established jewel in the UK house and soul scene.

Dolly Parton Experience – 3.25pm

Endorsed by Dolly herself, the incredible Sarah Jayne has all the glitz, glam and charisma to present a unique tribute to the Queen of Country! Performing all the hits, join us on a journey from her Tennessee mountain home to the well-known red-headed woman that nearly got Dolly's man; Jolene!

Ro Pound – 4pm

Nonbinary and deafblind Ro is a BSL user and adores music. First performing with us when they were just 19, this year they'll be shaking things up a little on the Main Stage, bringing songs to life through sign language.

Headline Partner

Natalie Imbruglia – 4.15pm

One of Australia's most loved pop artists, she first stole our hearts with her chart-topping smash hit Torn, the most played song on Australian radio since 1990! Since then, she has released six studio albums and in 2021 she made a triumphant return with her critically acclaimed, Top 10 album, 'Firebird'. Natalie has won 8 ARIA's, 2 Brit Awards, one Billboard Music Award and received three Grammy Nominations.

Most recently, Natalie had a cameo in the final ever episode of Neighbours, where she played Beth Brennan through the 90's, and won the third series of The Masked Singer UK.

Nadine Coyle – 5.15pm

As one fifth of chart-mauling, award-winning, expectation-shattering girl band Girls Aloud, Nadine Coyle has already played her part in helping redefine pop. Rising to fame in the 00s and racking up an incredible twenty-one UK Top Ten singles, 4 No.1s and 5 incredible albums, if anyone had a role, then Nadine's was The Voice.

Host – Jayde Adams

Our evening host for the Main Stage is a multi award winning comedian, actress and Strictly Come Dancing star! Jayde's critically acclaimed special was released on Amazon Prime to worldwide applause, was longlisted for an Emmy and has amassed over 156 million views. She's just finished an incredible sold out UK tour and is ready to party with you.

Rhythm of The 90s - 6pm

The UK's no.1 live 90s dance anthems band, they bring their infectious energy, incredible musicianship and nostalgia-filled set. With sold-out shows across the UK expect to hear classic hits from Darude, The Prodigy, Sash, Faithless, Haddaway, Robin S, Corona, Baby D, N-Trance, plus many more, all performed by a fully live 7 piece band.

Sophie and The Giants – 6.55pm

With over 100 Million global streams these practitioners of innovative pop are a raw fusion of collective influences, ranging from the likes of Siouxsie Sioux and Blondie. With intense, life-affirming sounds they've toured with the likes of Tom Grennan and Reverend and The Makers, performed as part of the Eurovision 2022 half time show and scored No.1s across Europe with collaborations with Purple Disco Machine.

Ladyhawke – 7.45pm

Her incredible knack for a catchy pop hook coupled with an 80s rock chic ambiance was quickly noticed when she began releasing tracks online as Ladyhawke in 2008. Her debut album launched singles like 'Paris is Burning' and 'My Delirium' and introduced Ladyhawke as a fully fledged fusion of pop/indie/new wave winning multiple music awards, ARIAs, and Brit, MTV and NME Awards nominations.

Jake Shears - 8.45pm

In a career that has spanned multi-million global album sales, Brits, Ivor Novellos, Grammy award nominations and arena tours, Jake Shears has become a trusted friend to his audience. Just last year, Scissor Sisters' debut album was named the UK's twelfth biggest-selling debut LP of all time, whilst Shears himself has continued to shape-shift: he has not only written an acclaimed memoir ('Boys Keep Swinging'), performed on Broadway (Kinky Boots), and wrote the lyrics alongside Elton John to the Olivier Award winning 'Tammy Faye' which opened to rave reviews.

That pull towards the dancefloor, however, has remained a constant throughout Jake Shears' unorthodox career, resulting in a new album that feels as much of a blast of escapism as it is a spiritual homecoming for the self-confessed Last Man Dancing. We are so excited for this very special performance with Pride.

SUSTAINABILITY AT PRIDE

Proud of our Planet

We've been working hard to make Pride as sustainable as possible for many years. We, like so many of you, are horrified by the increasing results of plastic in our oceans and the impact of climate crisis and species endangerment. We all need to act now!

This year thanks to support from UWE and Future Leap we are doing our very first Carbon Audit.

We do a lot already to reduce our carbon footprint, from sourcing infrastructure locally, removing plastic serve ware, reusable cup scheme, banning single use plastic from our bars and using HVO in our generators. However the only way for us to further reduce our carbon footprint is to know our impact! We'll be publishing the findings of our audit and our carbon reduction plan after the festival.

BUT we need your help. One of our biggest impacts is the thousands of people that attend Pride. YOU.

You have a part to play to help reduce the impact on the environment and there's several ways you can help:

- Bring a reusable water bottle to refill onsite (let's stay hydrated when dancing).
- Avoid glitter, get creative with face paints or mineral shimmers instead.
- Get to Pride using public transport (First Bus travel is free with your Supporter Wristband), VOI or the train to Clifton Down Station.
- Planning a killer look? Raid the charity shops before you buy something new.
- If you're a smoker, make sure you use the waste bins provided to bin that butt.
- Donate to Bristol based carbon offsetting charity, Energy Revolution Initiative when purchasing your supporter wristband.

PLEASE DON'T LITTER

We have over 100 bins onsite with recycling facilities - use them!

Our official afterparty is back and we bring you 3 incredible rooms of DJs, specially curated performances, stunning aerial artists, dancers, confetti, lasers and more as we come together to celebrate with Pride and to fuel our hearts.

MAIN STAGE

The Shapeshifters

From a global anthem with his debut 2003 release, *Lola's Theme*, through to his 2020 showstopper *Finally Ready* featuring the incomparable Billy Porter, the dancefloor filler *Bring On The Rain* featuring the incredible Joss Stone, The Shapeshifters have long been in the vanguard of the house scene.

A WORD WITH.... SPENCER BLACKWELL

Pronouns: he/him

Tell us a little about yourself:

I'm Spencer, chair of Trans Pride South West. Outside of volunteering to put on Pride events for our trans and non-binary community, I work for the charity sector. I've lived in Bristol for 8 years now and love going to queer music, art and drag events, as well as singing in an a cappella group with friends. I live with my partner, houseplants, and our cat Pudding.

What are the biggest issues for the trans and non-binary community right now?

Trans and non-binary people are facing a really difficult time in the UK. There are threats to hard won rights for trans and non-binary people, such as proposed changes to the Equality Act to exclude trans and non-binary people from protection and Section 35. Rampant transphobia in the media and government is influencing increasing rates of hate crime against our community. On top of that, the already stretched NHS services providing health care to trans and non-binary people are getting worse; trans and non-binary people now have a 5 year minimum wait for a first appointment, and services for under 18's such as the Tavistock and Portman GIC are closing, leaving trans teenagers and young adults stranded. I'd love to be able to be more positive, but we're at a critical point for trans and non-binary people in the UK and we need support from our community to fight for trans rights.

How can the whole community be more supportive?

As a community, we're stronger together. Trans and non-binary people really need our allies right now; the recent census showed that we make up 0.5% of the UK population, so as a small group we need allies to be vocal about their support for the trans and non-binary community. Speaking up about rights and protections for trans and non-binary people is a great way to be supportive, including countering misinformation and campaigning for change by contacting your MP. If you're not sure where to start, there's some great information about rights for trans people, current issues, and what you can do to help on TransActual's website: transactual.org.uk.

What does Pride mean to you?

Pride has always been really emotional for me. To me, Pride is about community resilience and defiance in the face of adversity and prejudice. Pride means hope for the future; seeing families and young people at pride is always amazing to me, and gives me hope that the quality of life for LGBTQ+ people will keep improving.

Favourite Pride Memory?

I'll never forget going to Trans Pride Brighton for the first time in 2016. Before leaving home at 18, I'd only met one other trans person. Seeing thousands of trans people filling the streets of Brighton was overwhelming and so powerful. It made me feel like I wasn't alone.

In 2019, Bristol Pride invited us to lead the pride march carrying an 80ft trans flag through the centre of Bristol. We all lost our voices after the march from all the screaming and shouting; it felt incredible to be so loud and proud. That was such a special day and it felt like a real full circle moment for me.

What message do you have for young trans people?

Trans people have existed throughout human history; we have records of trans people from ancient times. Being trans isn't a new phenomenon, and it's incredible that we now have the language to describe our experience and to connect with others. It's an incredibly tough time right now in the UK for trans people, but I have hope that the love, strength and resilience of the trans and non-binary community and our allies will overcome this prejudice – we're not alone.

Pride in our people

We're delighted to be the main sponsor at Bristol Pride this year. With proud roots in Bristol, we're committed to this city, and the people who live here.

Let's celebrate this fantastic day **together**.

Aviva Pride

Aviva Pride has been established over 15 years and is fundamental in elevating and fairly representing the LGBTQ+ community within Aviva.

We're excited to create an inclusive workplace, where more trans, non-binary, and gender non-conforming, colleagues can thrive. And where this Pride march ends, we'll continue working together on this journey.

At Aviva we recognise the strength in the diversity of our people and want our workforce to reflect the customers and communities we serve. We're eager to create a workplace where our people feel safe to be themselves, stand up for what they believe in, and speak up when challenged.

We strive to continue embedding gender inclusion into our people practices and customer propositions.
