WELCOME TO BRISTOL PRIDE 2025

We can't wait for you to join us at this year's festival, with the incredible mix of performance, community, and events that make our city, and our Pride so special. Pride is a celebration of the LGBTQ+ community, of our unique cultures, proud history, resilience and joy in the face of adversity. But Pride comes from protest and standing up to intolerance, we sadly see the continuing right wing rise across the world, from Pride being banned in Hungary, to the erosion of civil liberties in the USA, and sadly here in the UK too.

Just this year we have seen transphobia advocated for by billionaires and the rhetoric of the far right being used by government to erase the identities of our trans siblings and remove them from public life. We need everyone to stand up to this, especially our cis and straight allies. Be loud, publicly challenge these injustices, tell your representatives what is happening, and provide care and support for our community who are hurting. There is no other time than today for you to make a stand and push back against this rise of hate.

That being said, Pride remains a positive beacon, where we can be fully among friends and family as our uninhibited true authentic selves, every time we get to shine, we make the world a better place! Finding joy in troubled times remains essential to helping every one of us thrive. We hope at our fortnight of events, and Pride Day on Sat 12 July, you will find this joy, whether it's at our ever lovable community dog show, our returning Pride ceilidh, one of the hand selected series of films that make up our fantastic Queer Vision film festival or any of the other events running.

Pride Day will have amazing music all day, with icons from across the decades taking to main stage, with Afternoon Legend Kim Wilde, 00's club icon Cascada, and culminating with our evening headliner Allie X. Over 30 acts are set to perform on our Cabaret Stage headlined by Brooke Lynn Hytes. We also have our iconic Uplift stage as well as circus, dance, community stalls, family area, and tons of food and drink! We hope however you spend Pride Day with us, you do it with love and style!

Making Pride happen takes a lot of time, effort, and money. It's getting harder every year with rising costs, but we still bring you an incredible line up of events, stages, and local and international performers. Please get a supporter wristband, they start from just £9 and help keep Bristol Pride happening. Wristbands offer great rewards including free bus travel, discount bar prices on the day and fund over 10 hours of top notch entertainment as well as allowing us to work throughout the year to support our community.

Thank you, as ever, to everyone who helps make Bristol Pride happen, with hundreds of volunteers, amazing members of the community running and performing at events, and everyone who attends year-on-year.

HAPPY PRIDE!

Daryn, Eve & all the Bristol Pride Team

NIGHT STAGE

Frisky new psychosexual thriller from the directorial team behind Hard Paint

Queer Vision Film Festival 2025 begins with an absolute banger. The first in a strand exploring LGBTQ+ cinema from Brazil, Filipe Matzembacher and Marcio Reolon's new erotic thriller is a bold provocation. Bathed in sultry neons, *Night Stage* evokes an atmosphere akin to the world's pleasure districts, which both hide and illuminate the deepest desires of its after-hours clientele.

Matias (Gabriel Faryas) is a young theatre actor looking for his big break. When his flatmate and fellow actor Fabio (Henrique Barreira) alone is called in for a major audition, Matias vents his frustration through hook-up apps. He encounters Rafael (Cirillo Luna), a mysterious and debonair 35-year-old, eventually revealed to Matias as a closeted politician. The two agree to continue seeing each other secretly, under increasingly precarious circumstances, which could ultimately jeopardise both of their careers in the process.

Electrifying, suspenseful, and by turns, unforgettable.

WHY GOD CREATED LESBIANS

Silliness, Satire and Self-Deprecation

In her brand-new one-woman show, Clare Summerskill returns to UK theatres, attempting to explain the point of the perplexing sexual minority to which she belongs - why lesbians exist?

Is it to ease the pressure on cat rescue centres? Is it to ensure that Shibden Hall remains a viable tourist attraction? Or is it to write one-woman comedy shows featuring songs, standup and storytelling? After decades of field research, she thinks she has the answer.

BABY

A young man navigates life and love on the streets of São Paulo

When he is released from a juvenile detention centre, Wellington discovers his parents have upped sticks and left him to fend for himself on the streets of São Paulo.

Navigating sudden homelessness, Wellington escapes the night at a local porn theatre and cruising spot. Here he meets Ronaldo, a sex worker who serves as his mentor.

Director **Marcelo Caetano** follows 2017's *Body Electric* with another bold and colourful yet earnest queer drama. *Baby* stresses the importance of a stable home – not just through physical spaces, but as a feeling; the need to be held, loved, and accepted for who we are.

SAD GAY AIDS PLAY

Special preview of new comedy by
acclaimed performer Andrew Doherty

A brand-new show from the maker of the award-winning sell-out *Gay Witch Sex Cult* ("the finest horror pastiche I can recall on the Fringe since Garth Marengi" Brian Logan, *The Guardian*).

Andrew Doherty completely relaunches himself with a startling piece of ground-breaking tragic theatre. In this tragic piece that breaks new ground, Andrew throws the book at AIDS and asks the Arts Council to pick it up. Watch Andrew take the "cult" out of "cult hit" and replace it with "financially prosperous."

Catch it at Bristol Pride before it heads to this year's Edinburgh Fringe, then gets a West End transfer, moves to Broadway, and finally HBO Max.

Andrew Doherty is a queer comedy writer and performer from Manchester, and co-founder of sketch comedy duo Megan from HR with Ambika Mod. His shows have earned him multiple 5 star reviews and sold out venues in Edinburgh Fringe, The West End and across the UK

ONDA NOVA

Transgressive football fantasia made in the early '80s

Initially quashed under an oppressive dictator-led regime in its home country of Brazil, this forward-thinking, politically-charged film deftly navigating sex, sport, and queerness has only just seen the light of day – in a stunning new 4K restoration, courtesy of Spamflix.

The film follows eleven women on a newly formed football team, the Gayvotas – a reaction to strict government regulations of women's football in Brazil, which was only lifted in 1983. But what attracted the ire of Brazilian authorities was the film's free expression of unfiltered queer-joy, cross-dressing, and broad inclusivity. Conservative phobias aimed at such notions become the punchline in Julia Duarte's radical and revolutionary avant-garde sports comedy.

We're delighted to preface Onda Nova with a short film, courtesy of our friends at Mosta Luminosa. **Vollúpya** is a sci-fi/documentary, which ties together the thematic strands of Brazilian LGBTQ+ identity; the past and the present, never isolate in stasis.

FUTUREQUEER

What will life **REALLY** be like for queer people in 2073?

'Ooh, it's so good, it's so good, it's so good, it's so good, it's so good. Ooh, I feel love, I feel love, I feel love, I feel love, I feel love...'

It's 2073... and the whole world is queer. Voguing and lip syncing are categories in the Olympics. There is a statue of George Michael on Hampstead Heath. And Starbucks own Pride (boo!). Forty-eight years ago, in 1977, setting out to create the sound of the future, Donna Summer recorded queer anthem 'I Feel Love'. But what will life **REALLY** be like for queer people in 2073, forty-eight years from now?

Armed with a vintage Donna Summer vinyl, playwright and performer Alexis Gregory decides to find out. FutureQueer is part theatre, stand-up comedy, DIY queer lecture pop-culture commentary, and meditation on disco music as a metaphor for queer survival. Basically...this show is camp AF. It's also funny, moving, hard hitting, irreverent, provocative, and a very queer romp through an imagined LGBT+ future.

BOOGALOO STU PRESENTS BIG QUIFFY BINGO

Smutty silliness, vintage lurex threads and bingo!

From the very towering tips of his perfectly-coiffed quiff down to the tips of his bejewelled toes, Boogaloo Stu is altogether completely ridiculous, simply fabulous and utterly idiotic. Big Quiffy Bingo is his gloriously playful and anarchic bingo experience, where utter filth, joyous fun and flashmob dances collide.

Following his fourth annual sell-out season of shows at the Brighton Spiegeltent, last year the legendary bawdy raconteur took this outrageous one-man show on a national tour around the UK and this year he's back on tour and coming to Bristol Pride.

Feel the tension rise as Stu's balls begin to churn; when they finally drop, you'll feast on a smorgasbord of smut, outrageous antics, buttock-clenching workouts, hilarious prizes and some very ballsy bingo to boot. Stu's gift hamper will be stuffed to the brim with all manner of exotic prizes, so come on down and win it big!

SHOWGIRLS

Sleaze, satire, and bisexual reckoning

The strange return of Showgirls, now thirty and flirtier than ever. Nominated across a remarkable thirteen categories at the 1995 Golden Raspberry Awards, Paul Verhoeven's Showgirls is – depending on who you ask – a critically-panned flop or a deeply misunderstood cult masterpiece.

Elizabeth Berkley is Nomi Malone, a naïve young woman who hitchhikes to Las Vegas with starry-eyed ambitions. Cheated from the outset, she pulls her way up from shifts at the Cheetah's Gentleman Club to a place in the chorus line at the Stardust Casino. But in the process, ruffles the feathers of Cristal Connors (Gina Gershon) – lead of Goddess, the Casino's topless dance revue. When Nomi then seduces Cristal's boyfriend – and entertainment director at the casino (Kyle MacLachlan) – in an act of petty revenge, a tumultuous, sexually-charged power-play erupts between the two women.

Thirty years after its initial release, Showgirls is as deeply divisive as it's ever been, but beloved in the LGBTQ+ community for its outrageous camp and spectacular levels of sleaze. Don't miss the opportunity to let it reveal itself to you at Queer Vision – on the big screen, in a sizzling new 4K restoration.

Content warning: scenes of sexual violence.

THE WEDDING BANQUET

Romantic comedy that's stood the test of time for its unique wit and charm

We showcase two landmark titles of queer cinema at the centre of Queer Vision's 2025 programme, on the largest screen in Bristol - the Megascreen (Former IMAX) at Bristol Aquarium.

Kicking off this double bill, alongside *Brokeback Mountain*, is Ang Lee's sophomore feature. Wai-Tung Gao (Winston Chao) is a Taiwanese immigrant living in the USA with long-term partner Simon (Mitchell Lichtenstein), unbeknownst to his parents back home attempting to set him up with women. To stop their pressuring and keep his true situation hidden, Wai-Tung resolves to marry Wei-Wei (May Chin) - a struggling artist from China in need of a green card. What starts as a convenient deception becomes increasingly elaborate and farcical, as Wai-Tung's parents fly to the US to meet his bride-to-be!

BROKEBACK MOUNTAIN

Why Can't I Quit You?

To honour its 20th anniversary, we're thrilled to present this queer cowboy classic. A film with an extraordinary, yet complicated legacy – but nonetheless, wholly synonymous with LGBTQ+ cinema for bridging the mainstream gap. This is your chance to see this iconic film and breathtaking cinematography on largest cinema screen in Bristol!

Ang Lee's beautiful, epic western tells the story of Ennis del Mar (Heath Ledger) and Jack Twist (Jake Gyllenhaal); ranch hands hired to herd sheep on the pastures of *Brokeback Mountain* during the summer of 1963. Initially standoffish, the solitude of their environment brings them together, culminating – one night during a storm – in a highly-charged sexual encounter. This relationship becomes complicated when they return to their former lives, where they must learn to either embrace or deny their true feelings against the traditional societal views of masculinity.

Doors 7.30pm. Performance by dancers from **Coyote Ugly** at 7.40pm. Rodeo or brilliant bridal looks encouraged with prizes for the best. Bar and themed cocktail bar onsite.

Discounted double bill tickets available. This screening will feature Descriptive Subtitles.

MURDER, HE DIDN'T WRITE

Don your deerstalker, grab your magnifying glass and get your 'finger of suspicion' at the ready because Edinburgh Fringe, and Bristol Pride favourites, Degrees of Error, are bringing back their multiple sell-out show for your sleuthing pleasure.

They'll create a classic murder mystery on-the-spot in this ingenious improvised comedy. You, the audience, become the author as the cast act out your very own Agatha Christie-inspired masterpiece live on stage. At each show this extraordinarily talented company use audience suggestions to create a unique, original and extremely comical murder mystery just for you. All you have to do... is solve it!

Ms Gold poisoned at a synchronised swimming gala? Dr Blue exploded by cannon during a hot air balloon race? Professor Violet crushed to death at a Love Island recoupling? You decide! But will you guess whodunnit before the killer is revealed?

Stopping off for Pride while they sell out shows on the west end and on a national tour, as well as the usual gender swapped version, we bring you an extended 2 hour show for the first time, and the super sleuths amongst you will notice that the Tobacco Factory is the scene of the crime this year!

I'M YOUR VENUS

The House of Xtravaganza lives on as two families unite in a fight for justice

Released in 1990, Jeannie Livingston's Paris Is Burning chronicled the ballroom culture of New York City, through interviews with key figures and stars of the scene. Among these included several members of the House of Xtravaganza – from Angie to Venus.

Tragically, Venus was murdered during its making. The case was never solved. Twenty-two years later, director Kimberly Reed shines a light on the profound impact this had in I'm Your Venus, which diligently follows both Venus' biological and ballroom family in their continued pursuit of justice and re-opening the cold-case.

Joe, John and Louie Pellagatti are Venus' biological brothers. Through Reed's documentary, they express their regret and limitations in understanding Venus' evolving gender identity while she was alive. Over two years of filming, the brothers reconnect earnestly with her chosen family to learn from and honour her extraordinary legacy – in the NYC ballroom scene she helped to fashion, and across the wider LGBTQ+ community as an enduring transgender icon.

MANOK

Pride not prejudice: a lesbian bar owner takes a stand against the narrow-minded rural community she came from.

Lee Yu-jin's charming yet resonant comedy-drama is the perfect pre-Pride Day treat. The film follows Manok, queer elder and owner of a popular lesbian bar in Seoul. When attitudes clash over annual Pride Day celebrations, Manok retreats without notice back to her rural hometown. From the frying pan into the fire, it's not long before her ex-husband – and town mayor – becomes aware of her return, ensnaring her in a bitter whirlwind of small-town politics. Undeterred by this reception, Manok forges ahead – making new and unexpected alliances in the process – on a mission to heal from old wounds and open the minds of the community.

Manok is a funny and heartwarming tale, which gently reminds audiences to remember Pride is an act of protest; that within our LGBTQ+ community – across countries and generations – we have a shared responsibility to protect and uplift each other.

PRIDE PARADE

Be Loud, Be Proud, Be Visible

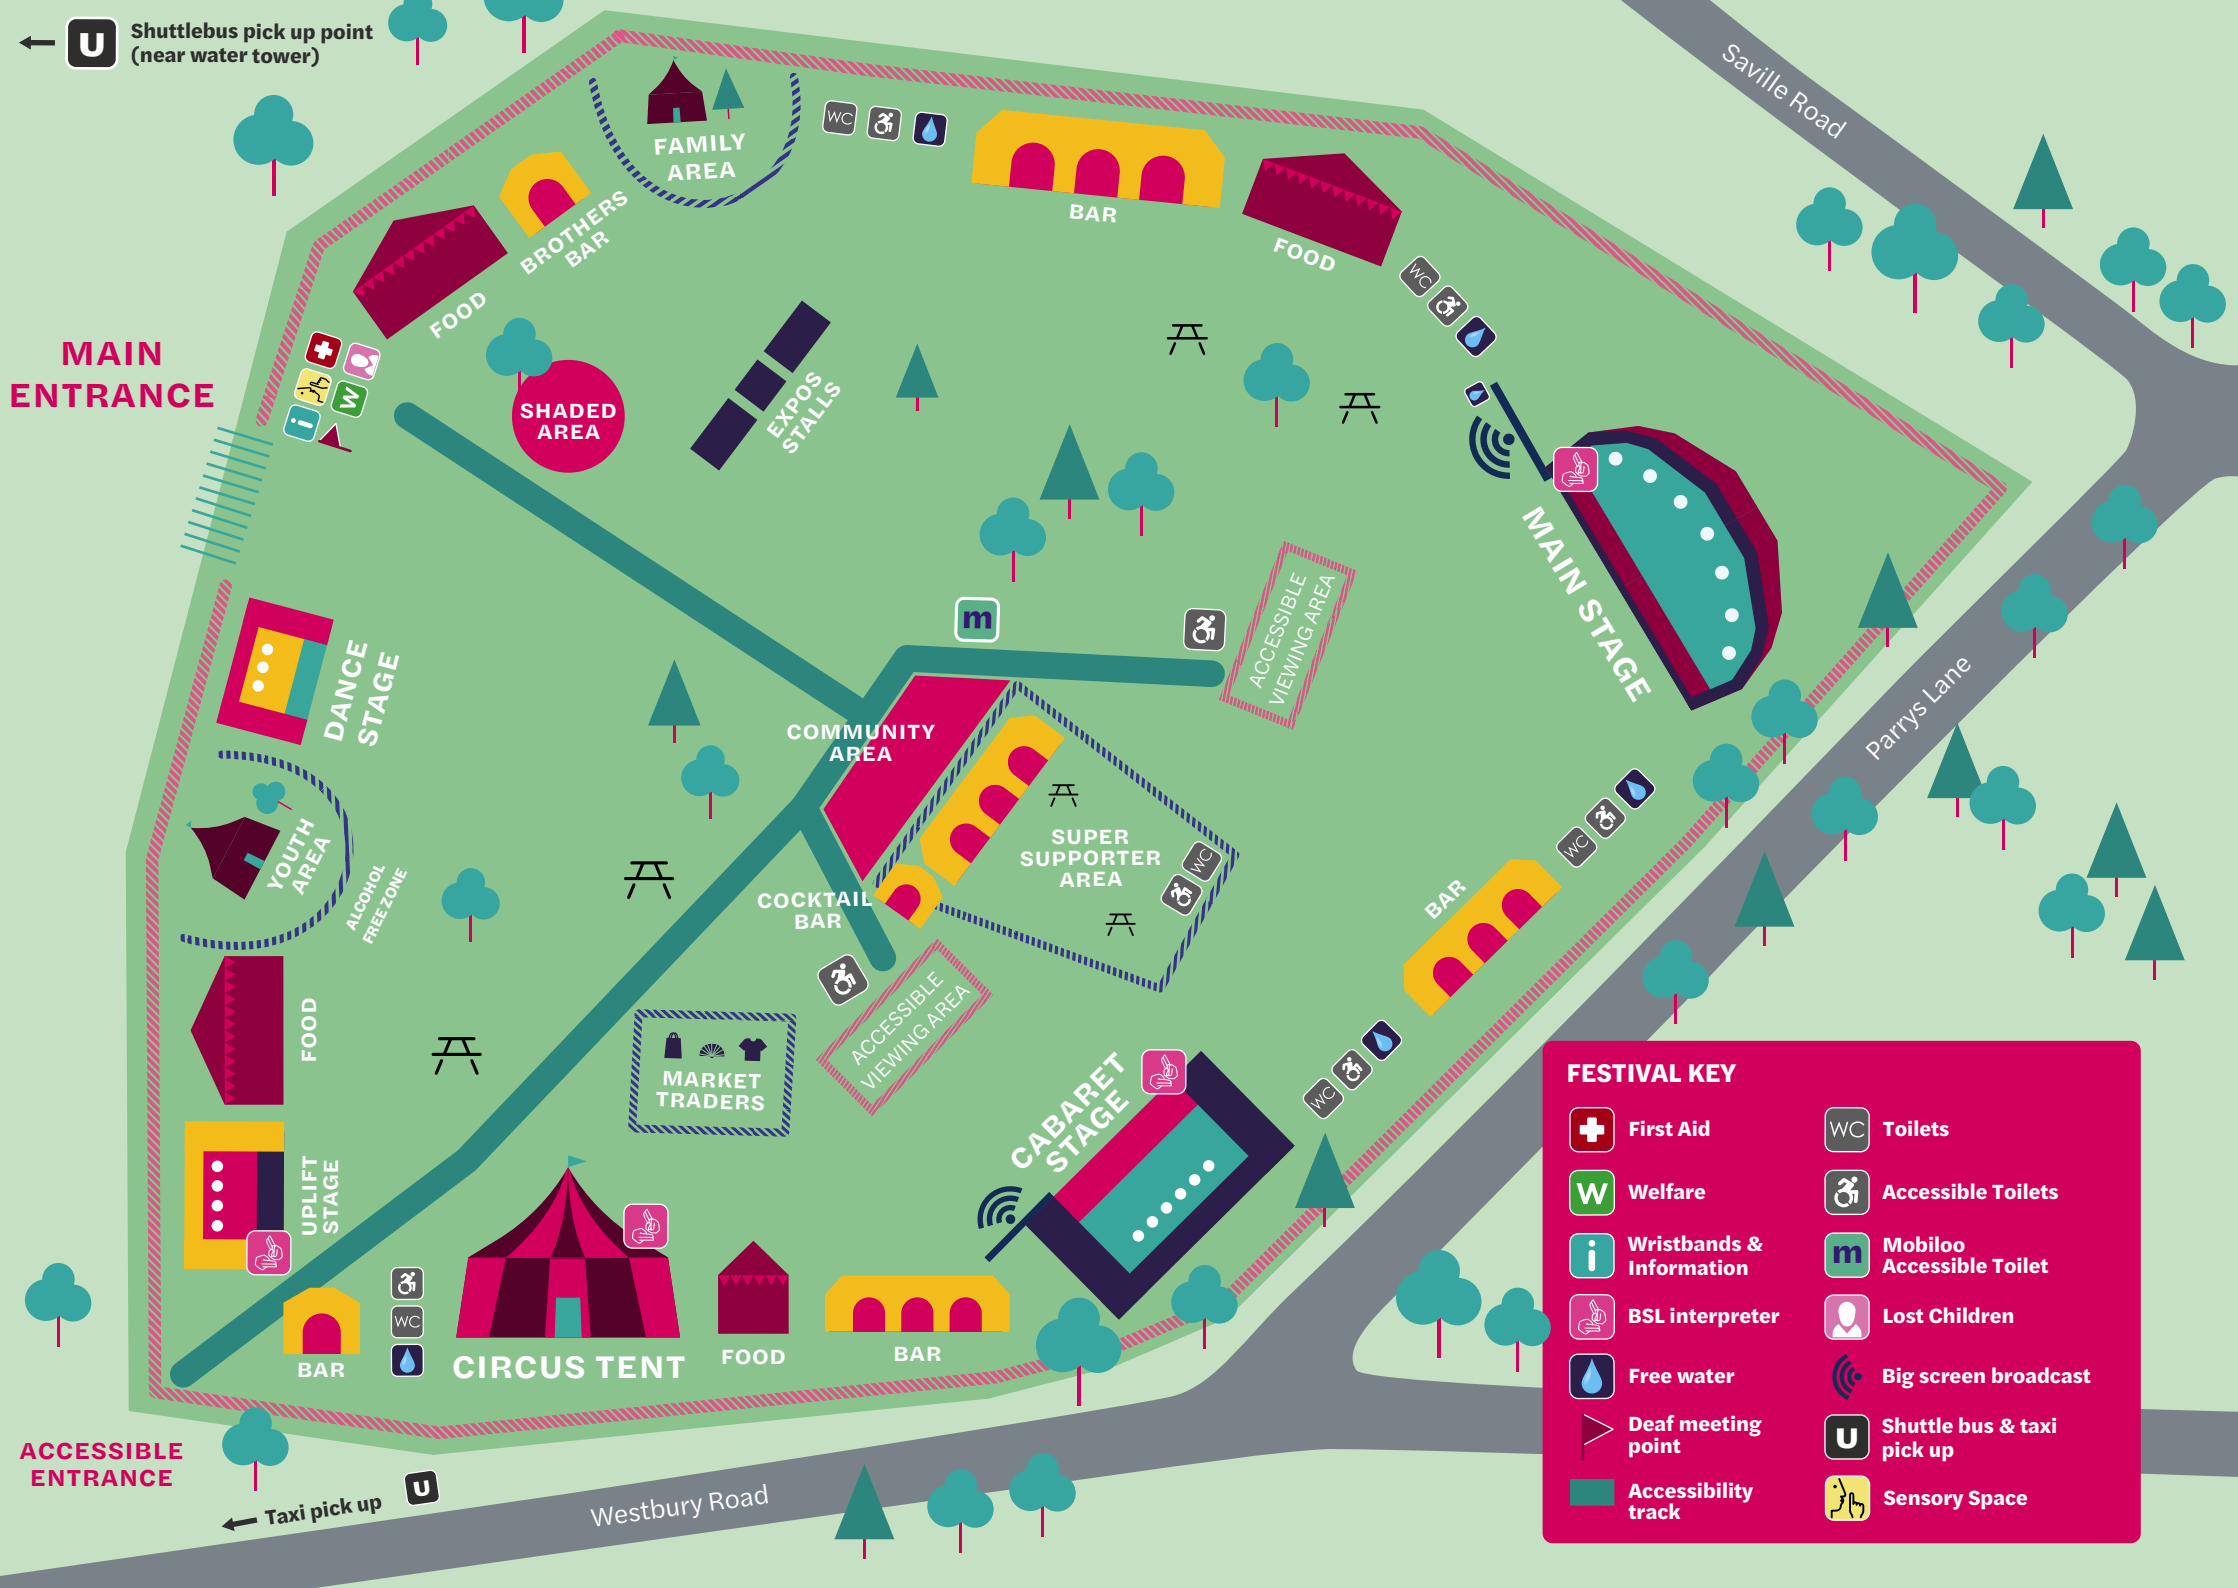

Join us for the Pride Parade March - It's never been more important!

The roots of what Pride is, we come together as a community to be seen, to stand together in a bold protest for equality and diversity. It's also our chance to celebrate and showcase our community and show that hatred and prejudice has no place in our city. This year we are working with Booty Bass collective to lead the March with a bloc that celebrates, and gives space to, LGBTQ+ people from the global majority.

So come, be visible, be angry, be joyful, be there for those who can't - be authentically you.

At this critical time for our community we need to stand united against the rising hate and attacks on the LGBTQ+ community, to be there for one another and ensure that no one is left behind. The sad reality is that with the rise of the far right we are now seeing hard fought rights taken away, Prides in countries around the world banned and bigots bankrolled and emboldened by hate seeking to erase us. But we have power still. There's power in Pride, in our collective community, in our combined voices, power in building connections and building resilience. Ultimately there's power in our defiance, our joy, and in unashamedly celebrating our existence.

Gather at the Bandstand end of Castle Park as we head through the city centre and on to the Ampitheatre where our shuttle buses depart for The Downs. The March is free for members of the public to join, but all businesses, who are not already a Pride Partner or Supporter, need to register and make a small financial contribution to take part, to support us to make it happen. Head to bristolpride.co.uk/parade for eligibility and to register.

Pride Day

ACCESSIBILITY

We want to ensure Pride is accessible, open, and welcoming for all our attendees and we're working hard to develop and expand our accessibility measures.

We've continued to work on improving access for Bristol Pride and this year we've introduced more trackway matting, creating a route to our medics and welfare area. We are again creating an access parking area which will also serve as our main accessibility gate entrance, close to the main gate. We're again increasing the size of our Sensory Calm Space due to how well used it was last year and increasing the wellbeing area. We will again be placing radar key locks on the accessible toilets to ensure they are clean and free for use of disabled people - so make sure you bring yours with you. We will have spares located at the viewing platforms and you will be able to hire them for the day from the info tent.

As always, we have BSL interpreters on all our stages and a big screen for Main and Cabaret Stages for visibility of our interpreters. Mobiloo are also onsite with an accessible toilet, adult-sized changing bench, and hoist, as well as accessible toilets with radar locks located at all toilet blocks.

For more on our accessibility visit bristolpride.co.uk/accessibility and if you have any queries or would like to talk to someone about your needs please email access@bristolpride.co.uk.

SUSTAINABILITY AT PRIDE

We've been working hard to make Pride as sustainable as possible for many years. To combat the impact of the climate crisis we all need to act now!

In 2024 we reduced our festival energy emissions by 1.6 Tonnes of Carbon Dioxide Equivalent (80% reduction) by auditing and by using HVO fuel. For 2025 we introduce our first solar generator into our power plans, estimated to reduce 923kg of CO2e.

Last year we sent absolutely nothing to landfill! Everything was either reused, recycled or turned into eco-fuels. Our water and toilet waste emissions were lower, producing 0.04 tCO2e, significantly lower than 2023 (1.2 tCO2e).

We need your help. One of our biggest impacts is the way people travel to Pride, it makes up 85% of our overall emissions.

Last year attendee travel had a 20% increase on our carbon footprint with an average of 0.28kg of CO2 per person.

Help us reduce the impact on the environment, there's several ways you can help:

- Get to Pride using public transport (First Bus travel and the Pride Shuttle Buses are free with your Supporter Wristband!) Tier e-scooters or bikes are a great option for wizzing up park street and the train to Clifton Downs Station is only a 10min walk from the festival site.
- When getting a supporter wristband offset your carbon and support charity Energy Revolution Initiative.
- Bring a reusable water bottle to refill onsite (let's stay hydrated when dancing).
- Planning a killer look? Raid the charity shops before you buy something new.
- **DON'T LITTER - there's over 100 bins onsite with recycling facilities - use them!**

A WORD WITH... Dr Jo Hartland

(They/Them)

Tell us a little about yourself

Hi folks, I'm Jo (they/them) a queer doctor, academic, and healthcare activist. I work locally and nationally educating staff and students on the healthcare needs of LGBTQIA+ patients, ensuring the community has a clear voice designing teaching for the next generation of doctors. I also advocate for LGBTQIA+ people's health in NHS policy and in health politics, in particular advocating for trans inclusive ban on so-called conversion therapy.

Why is inclusive healthcare so important?

The most obvious is that inclusive healthcare improves healthcare for everyone. When we make systems safe and accessible for one group, they become safer and more accessible for all. However, for the LGBTQIA+ community specifically inclusive healthcare is vital so we feel safe in our most vulnerable moments. All people deserve equal and unfiltered access to healthcare, and that can only happen when they trust their health professionals.

How can we be better allies to trans and NB people?

Ask yourself what gender actually means for you. Talk about it with your friends and family. It will be different to everyone, impacted by our experience of things like race and disability, but consider how it might be good or bad in your life. Being a good ally starts with asking questions about why gender is important in society, and who benefits from controlling it.

Question the gender binaries you were taught and why you might have been taught to follow these rules. Think about gender euphoria, how you feel when you experience it, and why that might be important for the wellbeing of others. I recommend the work of Alok Vaid-Menon as a place to start.

Beyond that there's practical things: write letters, donate money and make informed choices about what you buy. Allyship is uncomfortable, and it will require you to sacrifice some of your own comfort and ease.

What does Pride mean to you?

To me Pride is a fierce thing, and I think that's amazing. It took me a long time when I was younger to feel comfortable at Prides, because of my own internalised queerphobia. As I got older and attended my first Pride I saw the way our community protests, dances and creates art in the face of adversity. I also got to see and experience the families we form to keep each other safe. I think Pride recognises and celebrates all of those things.

What do you love from the queer community?

I love that we hold a mirror to the world about what society could be when the rules are questioned. Our community isn't perfect by any means, and there is still a lot of work to tackle things like racism and ableism in queer spaces,

but at its heart queerness is about questioning boundaries. Loving and expressing yourself outside of what people accept is brave, and I find our community inspiring.

Any advice for young LGBTQ+ people?

This will pass. I know it feels genuinely overwhelming right now, with the rise of the far right and the way our community is being used as a political football. These terrifying changes only make sense when you acknowledge they are happening as a tool of fascism. That scares me, but I try to remind myself that we have always existed, and we always will. You are part of a very long legacy of survivors, and no matter what bigots, politicians or the media might want you to think, the world is better for you being here. Be queer, be proud, and we will win.
